ACTIVITIES AT SRCS

Nupur – Inter House Dance Competition

SRCS organized an Inter House Solo Dance Competition for the students of level-I. Young participants were ecstatic to be a part of the competition. The event began with great enthusiasm and vigor. The participants, dressed up in gorgeous outfits, twirled around and set the stage on fire with their breath-taking performances ranging from hip hop to classic Bollywood numbers. Honorable Principal Mrs. Bhavna Pujari congratulated the winners and appreciated all the participants, encouraging them to participate in more such competitions to enhance their talent.

Investiture Ceremony 2019-20

“Great leaders don't set out to be a leader... they set out to make a difference. It's never about the role it's always about the goal.”

The Investiture Ceremony of Shri Ram Centennial School for the Academic session 2019-20 was held on 9 July 2019 with great enthusiasm and dignity at the school auditorium. The event was presided over by the Chief Guest Dr. Prakash Choudhary (Principal Prestige Public School).

The Ceremony signifies the importance of the responsibility entrusted by the school to the newly elected council members. With the added accountability, students solemnly pledge to bestow their duties to the best of their abilities. SRCS believes that this child-centric approach to democracy within the school helps frame responsible and aware citizens.

The ceremony commenced with a welcome song for the Chief Guest and continued with a grand fervour.

The newly elected young leaders were conferred with badges and sashes by Honorable Chief Guest Dr. Choudhary. The students' council took the pledge to uphold the school motto of Loyalty, Truth and Honour. Dr. Choudhary congratulated them and advised them to be impartial and honest in discharging their duties. He also exhorted them to uphold the values that SRCS promotes and inculcates in all its students. He reminded them that with power comes responsibility towards themselves, their school and peers, and struggles help one to achieve heights.

Principal Mrs..Bhavna Pujari also appreciated and congratulated the elected cabinet. She encouraged them to be a role model to other students and extended a supporting hand to ensure the smooth functioning of the school. With a promise to keep the school flag high, the function concluded with the National Anthem.

A Visit to Lal Bagh Palace

On **20th July, 2019**, the SRCians of Class III visited the historical Lal Bagh Palace. The palace, built by Maharaja Shivaji Rao Holkar of the Holkar Dynasty in the year 1886-192, loomed over the students in all its grandeur and glory, leaving them speechless and spellbound. The students learnt about the people and culture prevalent in those times. This was an hands-on immersive learning for them.

Van Mahotsav in SRCS..GSP activity

Global warming is a matter of grave concern and we need to take care to ensure sustainable practices are used to save the earth. If we don't then it might cause catastrophic damage to our planet. Despite the madness of human consumption and the harm humans are causing to the environment, it's not too late for us to save the world.

As a part of Green School Program and to commemorate the Foundation day of SRCS plantation program was held in our school on **27th July, 2019**.

Not only the students but their parents were also a part of the program. This program initiated towards connecting students along with their parents, to the benefit of trees and foster environmental stewardship in their minds.

A Visit to GPO

A visit to the General Post Office (GPO) on **03 August 2019** was organized for the students of Class IV. The students were greeted by the kind staff at GPO who showed them around the office and its various departments.

Not only did they see postcards and in-land letters, but they were also able to gain hands on experience while watching the process of letter segregation and distribution. To develop Philate – the study of stamps and postal history – as a hobby, various post tickets were shown to the students and they were encouraged to join the Philately Club.

During this visit, students were surprised to find out that they can even deposit their money at the post

office and can send money through money orders. The visit was academically-enriching and a fun learning experience for the students.

Career Counselling Session

In today's age, with growing career options, career decisions are vital in shaping the path that students have to set afoot on while still in school. It is therefore important for students to know what options are available to them and what are the steps they need to take to attain their career goals.

A Career Counseling session spearheaded by Ms Tuba Ansari – Founder and CEO at One Stop Institute and Executive Director at Tuhu Group – was conducted on **28th August 2019** for the students of Classes XI and XII who wish to pursue careers in the field of Designing and Media.

The seminar concluded with an interactive session between the students and Ms. Ansari. She guided the students to identify their interests and areas of expertise. The session was extremely fulfilling and informative for the students.

Independence Day Celebration

One individual may die for an idea, but that idea will, after his death, incarnate itself in a thousand lives. Men, money and materials cannot by themselves bring victory or freedom. We must have the motive-power that will inspire us to brave deeds and heroic exploits.

NETAJI SUBHASH CHANDRA BOSE

India's 73rd Independence Day was celebrated with unprecedented patriotism at SRCS on 15th August 2019. Honourable Principal Ms. Bhavna Pujai hoisted the national flag and urged the students to be dutiful, disciplined and hard-working while contributing to the development of our country. Vice Principal Mr. Girish Belkar also spoke on the occasion and advised the students that they should devote themselves in service to the nation along with education.

Patriotic songs, dramas and dances were performed by the students. Kabir Danish and Yashas Khandelwal gave rousing speeches and left a deep-seated need to serve the nation in everyone's hearts.

WORKSHOP ON PARENTING

A major problem faced by 21st century parents is how to help their children grow in confidence and resilience. With the impact of changing times on children, parents face new challenges that lead them to wonder about how to deal with the problems. 'Create stories Social Welfare Society' took the initiative and organized a workshop for the parents of SRCS Pre-wing, on 2nd July 2019 to help them deal with various issues of parenting.

The resource person Dr. Bharat Rawat Assistant Director of Medanta Hospital was the resource person of the day. He chiseled, guided and stimulated all the parents about how to deal and formulate the ways to cope up with the problems faced by their children. Dr. Bharat on the occasion said "We complain about adults being unhappy and miserable with their life choices. The underlying reasons are rooted in the way we are raised and our experiences. As, parents, it is important to

understand how we are taking every step in our life because a child follows everything we do." He further added that a five year old cannot make life choices. But forcing our choices on them is equally wrong

HAPPENINGS

SAHODAYA MUN 2019-20

SAHODAYA MUN the first of its kind, was organized with great effort and enthusiasm at Golden International School, Indore on the 1st and 2nd of September 2019. Model United Nation, is a mellowed-down version of a UN meeting, where students role-play as delegates to the United Nations and replicate UN committees. With similar procedural aspects and protocol, students of SRCS participated at MUN. Fired off with an opening ceremony at 9 am on the first day of the debate, the student members of the Organizing Committee at SAHODAYA welcomed all the delegates and prepared them for the forthcoming 2 days of debate, discussion and dissolving dilemmas.

Participants, as the members of the Executive Board, chairing the different committees, and ascertaining the performance of the delegates, were introduced. All the committees had their specific agendas for discussion.

The committees and their agendas were wisely chosen by the Organizing committee, and made age-suitable, but were fascinating for the delegates. Fierce debate, vivacious delegates and an impartial, passive-aggressive Executive Board made each committee session more remarkable than the previous. When committee sessions gave out even the slightest hint of monotony, the delegates were presented with distressing Crises which kept them on their toes. These entertaining Challenges

were the highlights of most committees, as they were semi-formal and unleashed the agitation of the opponents, defending themselves.

On the second day, the solutions to the agenda were written down on working papers and voted upon. The working papers were then made into Draft Resolutions, which were also voted upon, in a very systematic and formal way. The second day's debate came to an end and the nerve-racking wait for the Award Ceremony began.

SRCian Jahnvi Sarda represented IRAN at the committee of DISEC , Charvi Sharma represented Austria at ECOSOC , Deshna Haria represented as the delegate of Malaysia at SOCHUM , Atharav Krishna represented as the delegate of Colombo at SPECPOL, Kushagra at UNEP represented as the delegate of Ireland, Girishma documented the policies of Finland at the committee of UNESCO , Abhishek Choudhary delegated as the representative of Portugal at WHO , Rashi Modani represented the country Turkey at WTO and Dhruv Soni was for LOK SABHA (Tapas Mandal AITC).

The two day session thus, came to an end, with delegates taking home laurels, memories, knowledge and an enriching experience.

SRCians in NEWS

SRCians WON @ JUNIOR BAL

To introduce students to the culture of science –its types, reasoning, tools of observation and the standards of evidence, as well as the values and beliefs underlying the scientific knowledge, Indore Sahodaya Schools Complex conducts Junior Bal Vigyan every year.

Young and curious minds of SRCS filled with innovative ideas won the ‘Best Aim and Utility Award’ in Junior Bal Vigyan held on 31st August 2019, at Advanced Academy School, Indore.

The Theme was- Best out of Waste and Sub Theme was-Floral Waste to Manure. The Participants were Aadi Jain (VIII), Atharav Krishna (VIII), Soumaya Soni (VIII) and Rashika Bhadoriya (VI). We congratulate them for their victory.

Kick Boxing Championship:

SRCSians Dhairya Gupta, Dhiti Rai and Samarveer Porwal participated in the Open Division Kick Boxing Championship organized by Jhabua Kick Boxing Association. The students displayed their outstanding skills and brought laurels to the school and their families.

Dhairya Gupta and Dhiti Rai both bagged Gold medals under the Category of 24 kg and 32 Kg respectively. Samarveer Porwal bagged a Silver Medal under the category of 40 kg.

Atharav qualifies for next level of UCMAS

Congratulations to Atharav Naresh of Class V for bagging Third Runner Up Trophy in the 18th UCMAS Abacus National Level Competition-2019. He has now qualified for the next level of the competition which is going to held in Cambodia.

Heartiest congratulations to Atharav and his proud parents!

SKATING COMPETITIONS

Sanidhya Tiwari of Grade IV put up a good showing at ‘Inter School Skating Championship 2019’ held at Raj International School, Indore on 4th September 2019. The young Skater competed in the inline skating category and claimed 1st Position.

SRCian Yuvraj Singh Chawda of Class-IX competed in the skating category and brought glory to the school by claiming the 4th position (District Level) at ‘School Games Federation of India Skating Tournament (SGFI)’ held on 9th August, 2019. The coaches at SRCS

had a keen watch on the young skater’s performance and guided him from time to time.

Sahaodaya Interschool Taekwondo Championship

SRCS family congratulates Pavani Chourasiya of class III and Dushyant Singh of Class V for bagging Gold and Bronze medal respectively in the Sahaodaya Interschool Taekwondo Championship 2019 held on September 6, 2019 at Modern International School, Indore.

Wishing them luck for future endeavors.

ISA Activities

Urban Renewal

Documentary

The educational system is currently heading towards the collaboration between information technology and communication. Concepts of education are, therefore, required in the implementation of a smart city.

To make the students aware about the concept of Smart City an introductory session was organized for the students of grade X and XII. In the session the students were briefed about the concept and development of urban renewal and urban eco-system in India, China, Singapore and Dubai. A Power Point presentation was also shown to the students.

MODEL MAKING

Students enthusiastically participated in 3 Dimensional Model making of smart cities of India and Singapore. It was an wonderful experience for them.

ARTICLE WRITING

Students of Grade X & XII penned down their ingenious ideas by being a part of an Article writing activity at SRCS. They wrote wonderful articles on topics like social media, usage of mobile applications, and issues and solutions concerning problems faced by public.

SURVEY

The students of Grade X to XII conducted a Survey to gauge the progress and implementation of the Smart City initiative. Through their survey they collected the data about how much aware is the public about the Smart city initiative in Indore.

SCRAPBOOK MAKING ACTIVITY

Students participated enthusiastically in the scrapbook making activity. They collected data about similarities and differences in the urban renewal of Dubai and China and displayed them in the form of charts and pictures. It helped them to identify the technological advancement in these cities and how they are being used to make their living better.

FIELD VISIT

Students of class X, XI and XII were taken for a visit to Jimmy McGilligan Centre for sustainable Development established by Krishan Malhotra Charities (Regd. Trust no 602/dated June 12, 1998) in Indore.

Students explored different renewable sources of energy like solar plates and wind energy. They also witnessed the solar cooking system, solar processed items, and organic farming methods for sustainable community development.

Women Empowerment

Women empowerment activities are so vital for making everyone aware that women are an important member of society with equal opportunities. Various activities were conducted in the school to voice the problems women have and discussing the solutions for the same.

PPT PRESENTATION

A Power Point Presentation and a documentary film on 'Women Empowerment' was shown to the students. The students saw famous woman personalities of Australia, California and England and their contribution to change the society for a better tomorrow .

DECLAMATION COMPETITION

A declamation competition was organized for the students of the classes IX, X and XII. The aim or the objective of this activity was to make the students aware about the strength and power of the woman.

Debate Competition

"For good ideas and true innovation, you need human interaction, conflict, argument, debate."

Margaret Heffernan

An Inter House Debate Competition on the topic 'Women Empowerment: A Boon' was organized for the students of the secondary section under the British Council International School Award 2019-20.

Debaters from each house put forth their best arguments both in favour of and against the motion. Their firm stance and confident demeanor was met enthusiastically by the audience. The contestants were judged on content, presentation style, vocal delivery, body language and overall impact. The entire experience was intellectually stimulating for the audience.

The winners were.

For The Motion:-

I Position : KUSHAGRA SHRIVASTAV - IX A (EDISON HOUSE)

II Position : KABIR DANISH - VII A (NEWTON HOUSE)

III Position : VIPIN SHARMA - XII COMM (EINSTEIN HOUSE)

Against the Motion:

I Position : YOSHITA SHARMA (NEWTON HOUSE)

II Position : VISHESH RAGHUWANSHI-XI PCM (EINSTEIN HOUSE)

III Position EVA SAKUNIYA- VII A (EDISON HOUSE)

QUIZ COMPETITION

A quiz-competition was conducted for Students on the topic of 'Empowered women, Empower women'. The quiz competition helped the students to think from different angles or simply "to think out of the box".

MOVIE TIME

The famous Movie 'Manikarnika' based on the life of Rani of Jhansi was shown to the students. The students were motivated and learnt how the legendary queen made the impossible 'possible' and showed her leadership qualities to the man headed society.

STREET PLAY

The students performed a street play at village Panchaderiya to make the people aware that Women is an Integral part of the Society and is nowhere helpless. Through the play they conveyed the message that 21st century women is empowered and is able to win the battle of her life.

Folk Tales- Kaleidoscope of Culture

Talk Show

With a motive to instill in students the value of love, respect and importance of elders 'Grand Parents Day' was celebrated in the school. The highlight of the program was the "Talk Show". In the talk show the Grandparents shared their experiences, information and guidance with the students.

Kala Vithika

Students of the Primary displayed their mask craft ideas by making beautiful Masks. In another activity they even participated in the Puppet Making and Cartoon Character Coloring.

Fancy Dress Competition

It is pure fun to watch the kids in colorful costumes representing a particular theme or an object or a famous person. Students of the primary wing participated in the Fancy Dress competition. They were dressed like characters of the folk tales and looked beautiful in their creative costumes.

ADORE THE VOICELESS

A PPT was shown to the students of classes III-V on the topic 'Adore the Voiceless.' The students were imparted with the knowledge about the Endangered and Extinct Species of India and the partner countries Nepal, Bhutan, Srilanka and Bangladesh. The cause of extinction of the species was also briefed about in the presentation.

Students even discussed the methods for conservation and how to make public aware about the same.

Quiz Activity

Quiz enhances general knowledge, thinking power & curiosity to explore among students.

Grade III students actively participated in the Quiz activity. It was based on the PPT shown to them on the topic Adore the Voiceless. Under this topic the students knew in details about the endangered and extinct species of India and its partner countries Nepal, Bhutan, Bangladesh and Srilanka. This activity was conducted to check the understanding of the students through the questionnaire.

The students participated with great enthusiasm and there was much anticipation in the air.

Skit

Young learners are the best messengers to spread the awareness of the social and global issues. Their voice leaves an unforgettable impact on ones' mind. To bring out the acting talent, flair of the students and to spread the message of humanity the students of std. III to V of SRCS Indore

participated in a skit. The skit was based on conservation of animals and birds"Adore the Voiceless". The skit held a simple message of saving the voiceless animals and birds. The collaborative efforts and hard work of the teachers and students was evident as the students performed brilliantly on the stage. Parents too were invited to witness and acknowledge the efforts of their wards .

Collage Making

'We have a single mission – To protect and hand on the planet to the next generation.'

With this thought, Collage Making Activity was being organized for students of classes III-V. The theme for the activity was Adore the Voiceless. The students were briefed about the significance of Collage, a technique of an art production.

Students made beautiful collages with the help of cuttings from the newspaper and magazines. The participants were given ample opportunities to showcase their creativity followed by the theme. All the students participated enthusiastically and enjoyed the activity.

BUDDING WRITERS

DON'T GIVE UP, DON'T GIVE IN

Don't give up, don't give in
There's always an answer to everything,
Take your truths and powers',
To rise above the cowards.
So don't sit hour after hour,
While your tribulations tower.
Don't forget the countless blessings,
Every bit of that you have been showered.
Be like the flowers
That give off it's scent,
When it's crushed and devoured.
But I guess what everything that we wish for
Is not always guaranteed,
But your efforts won't be fruitless
Don't ever think you are useless
We all serve a purpose
So please don't feel hopeless
Don't give up, don't give in
There's always an answer to everything
Trees lose their leaves
Only to blossom by the summer
Don't give up, don't give in
There's always an answer to everything.

Shourya Singh chouhan

Grade- VI-A

Look at this world that God has made

Look at this world that God has made,
So many colours , so many shades.
Each flower has a fragrance unique
Which the world's most expensive perfumes cannot
beat.
Look at the world which God has made,
So many sizes , So many shapes.
Each animal here is so unique
Which no man made robot can beat.
Look at the world which God has made,
So many varieties , so many tastes,
Each fruit has nutrients unique
Which no multivitamin tablet can beat
So let us thank God each day,
And Respect nature in every way.
God must have made this world in leisure
So Lets guard this precious treasure.

Jayaaditya Jadhav

Class-V A

BEAUTIFUL OR UGLY?

In a garden there were beautiful flowers blooming merrily, spreading their sweet fragrance everywhere. Suddenly from nowhere a bee sat on a petal of a flower and left behind black stains on it.

All the flowers started laughing and teasing the flower. The flower felt woebegone.

A Gardner as per his daily routine came and plucked all the flowers except the one with the stains.

The flower became convivial and was able to see the bright day, where as the one who were proud of their beauty, were plucked by him and thus their life was short-lived.

Grade- VI-A

From Parents Pen

ATTITUDE....MATTERS

"When it rains the birds seek the shelter of their nests but the eagle avoids the rain by flying above the clouds". The problem is common but it is the attitude to deal with that problem which makes all the difference.

Attitude governs the way you perceive the world and the way the world perceives you.

As I have grown in experience, I have realised that attitude can conquer almost every problem. Attitude is more important than education, than money, than circumstances, than failures, than success, than what other people say or do. It is more important than ability and skill.

Ability is what you are capable of doing. Motivation determines what you do. Attitude determines how well you do it.

The remarkable thing is that every morning we can choose what attitude we will embrace that day. The past is gone but we can improve our present by choosing a positive attitude.

Recent studies reinforce the fact that the mind is a very strong entity. What we think manifests itself on the body. Most illnesses, it is said, have their genesis in the negative thoughts we think, the anger we feel and the stress and frustrations we harbour. And people who laugh and smile a lot and have positive thoughts, live a healthier life.

Each one of us goes through trials and tribulations in our lives. And it is so easy to go into a well of self pity. We should practice relaxing techniques. Meditation, yoga, meeting up and spending time with friends are all ways to relax and distract the mind. Allow yourself to speak aloud positive sentences every morning. These are called 'affirmations'.

" It's going to be a lovely day".

" I have the power to push out negativity from my life".

" I will succeed in whatever i try".

It is said that such affirmations should be repeated

and then the mind starts believing them. And once the mind believes something, you have won the battle!

Each morning brings a new day. No matter how you feel, you possess a certainty that during the day that lies ahead, absolutely anything can happen. Whether it happens or not, the possibility is always there.

I came across a very interesting thing which I would like to share with you...

If we assign numbers from 1 to 26 to each letter of the alphabet. For eg. A is 1, B is 2 and so on till Z which will be 26, we see an amazing thing.

Lets add the numbers of each letter, in the following words..

HARD WORK.....

$8+1+18+4+23+15+18+11= 98\%$

KNOWLEDGE....

$11+14+15+23+12+5+4+7+5= 96\%$

LUCK....

$12+21+3+11= 47\%$

ATTITUDE.....

$1+20+20+9+20+21+4+5= 100\%$

Amazing isn't it?

DR. Aachal Sharma
Mother of Niyati Kumar
Class III B

SRCS....THE SCHOOL THAT NURTURES THE TALENT

“SRCS” The name itself does not need any introduction. India’s leading name in education one of the finest institutions which is in Indore since April 2014. It would not be wrong if we say that SRCS provides an extraordinary education in affordable fees.

Such a prestigious institution with state of art architecture and numerous extra curricular activities a well designed sports complex and a home away from home hostel for kids equipped with all modern amenities.

Children are provided with many platforms to showcase their talents in state and national level competitions and olympiads.

The school has a junior wings at Basant Vihar and a main campus at Indore Ujjain road near Toll next to

Aurbindo Hospital built in 14 acre campus designed in a view to create an extraordinary learning environment.

To sum up here at last I would like to mention about the dedication of the staff here both teaching & non teaching their duties towards their responsibilities marks a difference, their prompt responses & actions taken always leaves an positive impact.

The best in town where a child is nurtured & moulded ethically and thus develops respect and care for themselves, their environment and the wider environment of the world.

Ankushree Mishra
Mother of Avani Mishra
Class II C

Socio-Economic Impact Of Student’s LED

For as past as history we can explore with the guidance of our parents, teachers and seniors, One unique and spread over concept that we see is that any country or society across the globe has taken a shape according to the thought, execution and direction of steps taken by youth of the society.

We look at Columbus or Einstein; We look at Neil Armstrong or Edmund Hillary or Tenzing Norgay. If the context is only India then look at Bhagat Singh, Sukhdev, Mahatma Gandhi, Malavath Poorna (youngest 14 years Mount Everest climber) or Bachendri Pal(First woman Everest climber).

It’s the LED of youth which gives direction to the social and economic growth of country. LED is not the light bulb that we use, it’s referred as Learning, Education and Direction of students of our society.

For many students the school period might be just a time of studying and acquiring certificates and degrees. In my opinion, it should be the time for all of us to accumulate knowledge and energy to not only ensure our future, but also to be the leader

putting his/her efforts in giving good social and economic growth direction to the country and society, which we are part of.

We can be a helpful hand to the people around us; we can be a sport person to bring more medals shining on our country. We can be an innovator or discoverer or we can be a businessman or an administrator.

It all depends upon which option is close to our hearts. But one thing is common and should be realised by us, that our learning process and execution of such learning is important to the whole society and country’s social and economic conditions.

So, all the best wishes to all my batch-mates and other students.

Mr. Himanshu Shrivastava
Father of Kushargra Shrivastava

CHILDREN ARE THE FUTURE OF EVERY NATION

“It is easier to build strong children than to repair broken men.”

Frederick Douglass

It’s a truth that children are the future of any nation, they must be strong enough to face the challenge of routine life and must learn , how to escape or overcome from any reverses situation, they must indulge in extracurricular activities to enhance their capacity and capability to become a good citizen, they must be polite with teachers, parents and with

all human kind, they should understand the importance of nature, water and oxygen cause they are the life line of every lively substance / thing, they should learn how to preserve the food and use judiciously the same, so that can be distributed to the most needy ones.

Mr. Sandeep Goyal
