Spring Edition March 2023 Volume 18

"Spring adds new life and new beauty to all that is."

---Jessica Harrelson

FROM PRINCIPAL 's DESK.....

Dear Students and Parents

Welcome to the SRCS Spring Season Aaroh edition.

"A child must know that he is a miracle, that since the beginning of the world there hasn't been, and until the end of the world there will not be, another child like him." ~ Pablo Casals

Spring is such a season which brings about a rush of positive energy in everything. Life starts to become colourful, brighter, vibrant, aromatic and so much positive with nature showering us with blessings from its bounty.

I thought, that this year I shall spend time sharing with my dear students some poems on life which will inspire them to enjoy the beauty of life with good reading.....

A Child of Spring – *by Ellen Robella Field*

I know a little maiden,
She is very fair and sweet,
As she trips among the grasses
That kiss her dainty feet;
Her arms are full of flowers,
The snow-drops, pure and white,
Timid blue-eyed violets,
And daffodillies bright.

She loves dear Mother Nature,
And wanders by her side;
She beckons to the birdlings
That flock from far and wide.
She wakes the baby brooklets,
Soft breezes hear her call;
She tells the little children
The sweetest tales of all.

Her brow is sometimes clouded,
And she sighs with gentle grace,
Till the sunbeams, daring lovers,
Kiss the teardrops from her face.
Well we know this dainty maiden,

For April is her name;
And we welcome her with gladness,
As the springtime comes again

"Nothing ever seems impossible in spring, you know."

– L.M. Montgomery

A good preschool in the formative years is an integral part of a child's overall growth. Since 2020, Prakriti's school days were never gloomy- be it online or offline. As our self being a professional and advocator for many parents of "slow learner" kids, we had strong feelings about the type of school we were looking for. We are very satisfied since SRCS allowed my daughter to grow into her best form, not only academically but also socially and culturally. She has grown into a confident girl. First and foremost, we extend our heartfelt thanks to Principal Sir; under whose leadership the team of teachers is shaping the tiny tots excellently. A special thanks to KAVITA

mam who helped us a lot during the lock down days. I cannot forget the effort they took to conduct evening online classes specially for Prakriti.

Thank you very much KANIKA MAM for making our days stress free and for teaching and caring our child...while we are at work. You have no idea how much that means to us. Till now, we didn't have to put much of our effort in making her complete her homework or learning her lessons, and that really means a lot. Literally when the school declares a holiday, we have a different struggle story.

enjoyable experience at school during her initial years of education. We wholeheartedly thank the class teacher Mrs Yamini, Principal and coordinator

There are 2 requests I would like to make, to turn this journey to more fruitful one- Firstly, to introduce Gymnastics sessions for kids as a mandatory class as it's gonna give kids more flexibility and an edge over other institutes kids for every sports they gonna play in future;

Secondly, I would like the school to concentrate more over speaking a well-mannered language during school n in buses too.

Rest I'm all delighted n contented with school's efforts.

Our children are not only taught but also loved.

The teachers and staff at SRCS watch our children grow physically, emotionally & spiritually. The small class sizes create the

sense of community not only amongst the peers but the families. The best place to reinforce our religious beliefs & values among our children. SRCS not only teaches these values but also demonstrates them through their actions & activities.

The school has the best team of mentors who guide & support both morally & academically. Highly recommended to others.

Thank you.

I believe that schooling is the most pivotal part to build a great personality. A boy can be a learned man only if he is properly educated in his school. For me, my son should be at a school where he does not get just an education but he gets virtues as well. And I think that SRCS is one of such remarkable institutes in Indore. SRCS engages it's students in various activities

and this has made them all grow exceptionally well. My son has become very shrewd since then. He always keeps on saying about the institute in a positive way and admires the teacher's behaviour with the students. I heartily thank the management and the teachers to fulfil all the expectations.
