LEARNING FOR TOMORROW

"The mind is not a vessel to be filled but a fire to be ignited." —Plutarch

From Principal's Desk...

Dear Students, Parents, and Educators,

I extend my warmest greetings to each of you on the joyous occasions of Diwali, the festival of lights, inspires us to illuminate our inner conscience and kindle the spark of curiosity in every child.

May the brilliance of these celebrations bring peace, prosperity, and renewed energy to all our families!

With the festive spirit uplifting our hearts, it is also time for focused dedication, particularly for our senior learners in Classes X and XII. The forthcoming pre-board examinations are fast approaching, serving not merely as assessments, but as invaluable dress rehearsals designed to build confidence, time management, and resilience. I urge our students to approach these exams with calm determination rather than anxiety, and I invite our parents to provide an encouraging, balanced environment at home that champions consistent effort over perfection.

True education, however, transcends scores and examinations. In alignment with the transformative vision of the National Education Policy- 2020 and the National Curriculum Framework- 2023, our school continues to pivot toward holistic, inquiry-driven, and learner-centric education. By weaving competency-based learning, creative arts, vocational skills, and sports into our daily routines, we strive to nurture analytical minds and compassionate hearts capable of thriving in a rapidly evolving global landscape.

A school thrives when the triumvirate of educators, students, and parents moves together in harmony. As we step into the remainder of this academic year, let us renew our shared commitment to empowering our learners to dream boldly and act responsibly.

Thank you for your unwavering trust and partnership in this journey of learning and discovery.

Recognizing that communicative fluency is the primary vehicle for global competence, this session we launched our structured **School-Wide English Language Immersion Initiative**.

From foundational conversational circles in the primary grades to structured debates, declamations, LogiQids and Olympiads in the senior wings, we are methodically equipping our students with articulateness, critical inquiry, and analytical conviction.

Holistic development must begin where learning begins. In our Pre-Primary Block, education is designed around wonder, curiosity, and joyful discovery. This year, our foundational curriculum embraced meaningful experiential engagement:

Parental & Family Synergy: Heartwarming events such as the *'Me and Mom'* Pool Party, *Grandparents Day*, and our flagship Special Assembly on the ethos of *'One Earth, One Family'* strengthened the bond between home and school.

Experiential & Sensory Exploration: Activities like *Sensory Play*, *Origami workshops*, the nutritious *Healthy Platter Day*, and the vibrant *Mango Day* introduced fine motor skills and sensory refinement.

Cultural Literacy & Social Values: A reverent visit to the *Gurudwara*, *Sharing Day*, *Halloween celebrations*, the vibrant annual *Pre-Primary Exhibition*, *Spell Bee*, and their spirited *Annual Sports Day* nurtured empathy, phonemic awareness, and collaborative play long before formal testing begins. Moreover, we initiated sports facilities from grade KG 1 from this session.

A student's moral and cognitive cadence is shaped daily. At SRCS, our Morning Assemblies are far from routine roll calls; they are student-led intellectual forums featuring:

This Day in History and global *News Bulletins* to sharpen civic awareness.

Dedicated *Book Review Segments* and philosophical *Thoughts of the Day* to stimulate reflective reading. Inter-faith *Religious Day Celebrations* and thematic *Live Quizzes* to build cultural harmony and quick-thinking acumen.

To meet the cultivation of values, we started **Special Friday Assemblies** where students present skits on thought-provoking themes, current affairs and critical social evils.

Social Commitment of students is often talked about concern. Our students presented a skit in 'Ankur Rehab centre' as a part of **"Nasha Se Doori Hai Zaroori 2.0"** awareness campaign.

To inculcate the trait of accountable and efficient leadership among the youth talent pool of the day, we elect a 'Student Council' through the Investiture Ceremony. This year we pioneered the **'Junior Student Council'** formation too, wherein young students can address their leadership skills at an early age and give it an edge in the times to come.

SRCS has been a proud winner of **'Green School Programme' award for consecutive 9 years now**, which is a testament to our serious commitment for saving the environment and combat against the burning global debate of our time on 'Climate Change' and "Green House Effect'.

We organize a **'Book Fair'** once a session to bridge the gap between academic obligation and reading for pleasure. It culminates in fostering reading habit, screen-time counterbalance and cognitive focus, vocabulary expansion, Parent-Child bonding and home

literacy culture, financial literacy and decision-making,

Parallel to this, our dynamic House System channels healthy camaraderie and self-expression. Throughout the year, inter-house arenas witnessed passionate participation in intellectual clashes during *Debates*, *Declamations*, and *Role-Plays*. Cultural celebrations featuring *Patriotic Poem Recitations*, *Group Dances*, creative *Rakhi Making*, and traditional *Thali Decoration*, Inter-House athletic leagues that cultivate grace in victory and fortitude in defeat.

Education at SRCS flourishes equally on the athletic turf. A physically robust child is an emotionally resilient child. This session, SRCS had the distinction of hosting two premier sporting conventions:

The inter-school swimming showcase **'Jaltarang'**, celebrating aquatic discipline and stamina.

The **Inter-School Yoga Championship**, grounding young minds in mindfulness, alignment, and internal balance. Our athletic contingents competed vigorously across CBSE Clusters, Sahodaya Inter-School meets, State, and National championships. We celebrate our National-Level sports stars:

Rythem Gadiya – Table Tennis Sensation, Aayush Panwar – Shooting Wizard, Namita Pal – Taekwondo Princess, Aadya Jain – Skating Genius, Kanha Bais & Varanya Bais – Karate Champions, our formidable Football Contingent, whose tactical brilliance earned them the moniker of our *Soccer Sorcerers*.

In co-curricular arenas, the SRCS brigade dominated multiple Sahodaya platforms, securing top honours in the *Chemistry Bal Vigyan*, *Poetry Recitation*, *Halocon Technology Symposium*, *Group Bhajan Singing*, and the *English Debate Competition*.

All these stalwarts will be felicitated on this very stage tonight.

Our relentless pursuit of quality has earned high institutional recognition at the national level:

This year, our entire faculty completed specialized CBSE **Capacity Building Programme on the 'Use of Artificial Intelligence in Classrooms'**, integrating smart pedagogical tools, adaptive diagnostics, and ethical technology usage. Our weekly Departmental Professional Learning Communities (PLCs) continue to design innovative, interdisciplinary curriculum frameworks.

To empower this vision, the School Management has invested significantly in high-speed connected learning labs, modern smart-board ecosystems, and a cutting-edge Dedicated Language Lab across the secondary wings.

Concurrently, our **student-led Eco-Club** conducted campus-wide audits on rainwater harvesting, expanded our rooftop solar These achievements stand on the shoulders of our dedicated community:
